

Domestic Gas Assessment Schemes

Course Information Sheet 015

Introduction

We offer a comprehensive range of Domestic Gas qualifications which include revision and assessment.

About the assessments

Available assessments include:

CCN1 - Core Domestic Gas Safety, 2 or 4 days revision + 2 days assessment	CPA1 - Combustion Performance Analysers, ½ day revision + ½ day assessment
ICPN1 ⁽²⁾ - Commercial pipework in excess of 35mm, ½ day revision + ½ day assessment.	REGT1 – Domestic Meters Medium Pressure Regulators, ½ day revision + ½ day assessment
CKR1 - Cookers, ½ day revision + ½ day assessment	CENWAT ⁽¹⁾ - Boilers and water heaters, ½ day revision + ½ day assessment
HTR1 - Fires, ½ day revision + ½ day assessment	DAH1 - Ducted air heaters, ½ day revision + ½ day assessment
MET1/2 - Meters, ½ day revision + ½ day assessment	HWB1 - Swimming pool boilers, ½ day revision + ½ day assessment
TPCP1/TPCP1A ⁽²⁾ – Test and purge up to & exceeding 1m ³ , 2 days revision + 1 day assessment	(TPCP1A, covering up to 1m ³ , is available on request)

If you require an assessment category which is not shown, please call our sales team on 01444 870860 or 02392 190190. Assessments may be combined to create a package tailored to your needs.

We also offer a wide range of LPG, Commercial and Commercial Catering Gas courses and assessments – further information is available on our website www.stevewillis.com

⁽¹⁾ WAT1 is also available as a stand-alone assessment category

⁽²⁾ These categories are generally associated with Commercial installations but they can be completed by domestic engineers who hold a current CCN1 e.g. where the engineer needs to test & purge installations with a volume over 0.035m³, or pipework over 35mm. Other restrictions apply if they choose TPCP1a (volume & pressure related), hence our usual offering of TPCP1

Where are the assessments run?

At our Training Centres in Burgess Hill, West Sussex and Portchester, near Portsmouth.

What qualifications do I need to have to do this course?

Our gas courses and assessments are suitable for Experienced Gas Engineers (previously known as Category 1 applicants) who are able to provide evidence of their existing recognised gas qualifications, and New Entrants with or without Transferable Skills or Experience (previously known as Category 2/3 applicants), who have successfully completed an approved managed learning programme such as our own Guild of Gas Fitting Operatives programme (GGFO).

For further information about applicant categories or courses for new entrants visit our website www.stevewillis.com or call one of our sales consultants on 01444 870860 or 02392 190190.

About the assessments

Domestic Gas Assessments include practical and written assessments which are completed after the revision sessions. After your Assessment we will internally verify your paperwork within 10 working days and send it to the certification body ERS to be processed and uploaded to the Gas Safe Register. This can take up a further 10 working days. You will then receive a certificate and card directly from ERS for the assessments taken.

You should be aware that successful completion of the assessments does not automatically result in Gas Safe Registration. You should make a separate application to the Gas Safe Registration Scheme to be included on the Gas Safe Register.

What does it cost?

The costs will vary according to your training requirements, and we will tailor a package to meet your needs. Assessments may be taken without revision, and considerable discounts are available when assessments are booked as a package e.g. for customers renewing their ACS qualifications.

For current prices speak to one of our sales consultants – call 01444 870860 or 02392 190190. The price will include all revision, study notes, assessment and certification fees.

Preparation for the courses

When you have made your booking we will send you the paperwork including booking confirmation and invoice.

You can find the most up to date details about individual assessments on the EU Skills website – put the assessment title (eg COCN1) into the search box.

What will I need?

You should bring the following with you to your course:

- Pen, paper and non-programmable scientific calculator
- If renewing, your previous certificate (original document not photocopy)
- Photo I.D. such as passport, driving licence, company I.D. card or GasSafe card (you will not be allowed to sit the assessment without this)

We will verify your identity and take your photo on arrival.

How do I book?

Call the office on 01444 870860 or 02392 190190 and speak to one of our sales consultants.

They will discuss dates and availability with you and take payment by debit or credit card to confirm your place.
