

City & Guilds (2365 - Level 2 and 3)
Diploma in Electrical Installations (Building and Structures)
Course Information Sheet 028

Introduction

This course is intended for candidates who want to gain the knowledge and abilities to progress onto the full NVQ programme (City & Guilds 2357). The Level 2 qualification is designed for new entrants to the industry, and Level 3 is aimed at those who have already completed the Level 2 qualification. This course may also be suitable for students who wish to become domestic installers.

About the course

This qualification covers many areas within electro-technical technology including:

At level 2

- Health and Safety
- Principles of electrical science
- Electrical installations technology
- Installation of wiring systems & enclosures
- Communication within building services

At level 3

- Fault diagnosis & rectification
- Inspection, testing & commissioning
- Electrical systems design
- Career awareness in building services
- Principles & requirements of environmental technology systems

Where is the course run?

At our Training Centres in Burgess Hill, West Sussex and Portchester, near Portsmouth.

What qualifications do I need to have to do this course?

Although no formal qualifications are required, the course will require a fair amount of Maths and English skills.

About the assessment

Assessment includes written assessments, written exams, multiple choice written tests and practical assignments.

How long will it take?

Level 2 will take one year (40 weeks), followed by a second year for Level 3 (40 weeks) There will be a three day practical assessment towards the end of year one.

What does it cost?

For current prices speak to one of our sales consultants – call 01444 870860 or 02392 190190. The price will include all revision, study notes, assessment and certification fees.

Preparation for the course

You should familiarise yourself with the 18th Edition Wiring Regulations (BS 7671).

Other books will be required over the duration of the course, but they are not required from the start and your tutor will advise you when to purchase them.

You must ensure that you have the latest version – details can be found on the IET website

<http://electrical.theiet.org/wiring-regulations/index.cfm>

Books are available to buy from the IET, from electrical suppliers such as City Electrical Factors and Medlocks Electrical, from bookshops or from on-line retailers such as Amazon.

What will I need?

You should bring the following with you to your course:

- Your own copy of latest version of the required books for this course – (see above)
- Pen, paper and non-programmable scientific calculator
- Photo I.D. such as passport, driving licence or company I.D. card (you will not be allowed to sit the on-line examination without this).

How do I book?

Call the office on 01444 870860 or 02392 190190 and speak to one of our consultants.

They will discuss dates and availability with you and can take payment by debit or credit card to confirm your place.
