 All prices exclude VAT*

ELECTRICAL - City & Guilds 2382-22 (18th Edition of the Wiring Regulations) 	Number of days	Price (inc. certification)
Full course	3 days	£412
Exam Only	2 hours	£170
Exam Resit	2 hours	£87
ELECTRICAL - City and Guilds 2391-50, 51 or 52 (Level 3 Award Electrical Installations) 	Number of days	Price (inc. certification)
There are three options learners can take depending on their individual industry requirements, level of experience or prior knowledge. Candidates can choose to learn the skills involved in Inspection and Testing in stages or as a combined assessment.		
2391-50: Initial Verification. Intended for learners who wish to verify new installations and perhaps never need to carry out Periodic Inspection and Testing	8 days	£890
2391-51: Periodic Inspection. Intended for learners who have previously gained qualifications in Initial Verification, perhaps through a recognised apprenticeship and wish to expand their skills to include reporting on the condition of existing electrical installations	8 days	£890
2391-52: Combined Initial Verification and Periodic Inspection and Testing. Intended for experienced electricians who have never gained formal qualifications in inspection and testing or who may wish to update and reaffirm their skills.	8 days	£1,000
ELECTRICAL - 2396-01 (City & Guilds Level 4 Award in Design, Erection & Verification of Electrical Installations) 	Number of days	Price (inc. certification)
Suitable for electricians with practical experience of inspection & testing of electrical installations who require to become certificated in the design, erection & verification of electrical installations.	4.5 days & project (minimum of 40 hours in own time after course)	£735
ELECTRICAL - Essential Electrics 	Number of days	Price (inc. certification)
Suitable for plumbers, gas fitters, heating and ventilating engineers etc. whose work requires basic electrical knowledge and an understanding of electrical regulations.	2 days	£305 <i>(including a book)</i>
ELECTRICAL - 2377-77 (City & Guilds Portable Appliance Testing) 	Number of days	Price (inc. certification)
The course is designed around the IET Code of Practice for In-service inspection and testing of electrical equipment. It leads to nationally recognisable evidence of competence in PAT testing.	2 days	£365
ELECTRICAL - 2921 (City & Guilds Level 3 Award in Design and installation of domestic and small commercial Electric Vehicle Charging Equipment Installation up to 12kW) 	Number of days	Price (inc. certification)
Suitable for experienced qualified electricians already working in domestic or commercial environments, for installations up to and including 12kW	2 days	£360
ELECTRICAL – Safe Electrical Isolation 	Number of days	Price (inc. certification)
Suitable for existing electricians, plumbers, Gas Fitters, Heating & Ventilation Engineers, facilities managers, handymen, kitchen fitters and anyone else working with electrical installations looking to understand how to safely isolate a circuit.	1/2 day	£165
ELECTRICAL – Experienced Worker Route 	Number of days	Price (inc. certification)
The Experienced Worker assessment is for people who have been working as an electrician for at least 5 years, but they have been unable to complete their qualifications to the Level 3 (or equivalent) vocational qualification.	Varies	from £2,995

We reserve the right to change either Awarding Body and/or Certifying Body
 All prices exclude VAT

SHORT COURSE DISCOUNTS FOR APPRENTICES

We offer discounts on selected short courses for our current and recently qualified apprentices. These courses are not part of the Apprenticeship programmes, and these discounts are funded entirely by Steve Willis Training Centres not from government apprenticeship funding.

50% discount for Current Apprentices

Subject to the apprentice meeting the course entry requirements, the following short courses are available with a 50% discount providing the course is booked and taken while the Apprentice is still on their NVQ Framework or Standard apprenticeship training programme at Steve Willis Training Centres. The training programme is complete once the NVQ Framework or Standard is awarded.

- * Certificate in Energy Efficiency for Domestic Heating
- * Essential Electrics (study notes/book included)
- * Unvented Hot Water Storage Systems (study notes/book included)

20% discount for recently qualified (within 12 months) Apprentices

Ex SWT apprentices can receive a 20% discount on most of our short courses. Courses must be booked within 12 months of the Apprentice finishing their training at Steve Willis Training Centres. This offer excludes any already discounted courses e.g. Worcester Bosch subsidised oil courses, and if re-assessments are needed (e.g. second attempts) fees will be charged in full and accordance with our standard terms and conditions.

How to book

The Apprentice (or their employer) must book their own course by contacting the sales team on 01444 870860 or 02392 190190. To confirm the discounted booking, payment in full will be required. We reserve the right to amend or withdraw these short course apprenticeship offers at any time and without notice. This will not affect existing bookings.
